D.O.No.H.C.85/54-55.

Date 4 AUG 1954 DEPARTMENT 1955

GOVERNMENT SECRETARIAT 3475 10 AUG 1954 MUNICIPAL BRANCH

Dear Sir,

Sri PRA 9/8

I write to bring to your kind notice that I took an opportunity of meeting Sri. C.D. Deshmukh, Minister for Finance, Government of India and Srimathi Durgabai Deshmukh, Member, Planning Commission, Government of India and requested them to use their good offices with the Central Government to grant the City Municipality of Davangere some liberal subsidy to enable this Municipality whose resources are limited to take up certain urgent works of Civic Amenities in view of this being a rapidly growing industrial centre with a huge floating population. Both of them gave a patient hearing and asked me to approach the State Government in the matter in the first instance. Copies of memoranda presented to them are enclosed herewith for your kind perusal.

I therefore request you very kindly to place the matter before the Hon'ble the Chief Minister of Mysore to take up the matter suitably with the Government of India and obtain for this Municipality a liberal subsidy from the Central Government.

7/8/54

With Kind regards,

Yours Sincerely,

K Veerabhadrappa

Sri G V K Rao, B Sc ,(Hons),I A S ,
Secretary to the Government of Mysore,

MEMORANDUM SUBMITTED TO THE HON'BLE SRI C.D. DESHMUKH MINISTER FOR FINANCE, GOVERNMENT OF INDIA, BY THE MEMBERS AND THE PRESIDENT OF DAVANGERE CITY MUNICIPALITY ON 2ND AUGUST 1954 AT DHARWAR.

Sir,

We the President and members of the City Municipal Council of Davangere, beg to express our most grateful thanks to you both for having accorded us an audience. We have been closely following your activities in the newspapers and we are greatly proud of you both, the worthy children of India, who are ceaselessly striving your best to secure for our Mother Land an all-round development in industrial, economic, agricultural and cultural fields. We have also observed with deep debt gratitude the ever active interest of Srimathi Durgabai Deshmukh for the amelioration and welfare of our Indian Homes and Rural Areas.

Our City of Davangere has 12,500 houses with a population of over 60,000 persons. It is a growing industrial centre with three big cotton mills and several oil mills. The floating population that visits our City is also considerable. The rapid development in Davangere City for the last decade in industries and trade have devolved very heavy financial burden on the slender shoulders of this Young City Municipality. Consequently Municipal expenditure has increased in conformity with increased consciousness of civic obligations consequent on the rapid growth of population. Huge sums are required every year to provide for surface drainage extensions, repairs and renewals of worn-out pipe lines, formation and consolidation of more and more metal roads, extension of underground drainage, provision of more and more street illumination and public fountains, increasing number of latrines and urinals, in addition to the usual obligatory expenditure for salaries, dearness allowance to the staff, cost, meterial, cynogas, malarial, D.D.T. pheyrol, alum, chlorine increased electric energy for pumping water to meet the nee,

of this rapidly growing industrial City. While the income of the Municipality is limited to nearly six lakhs in any good year, the expenditure including annuity and interest on Government loans and Government contributions amounts to nearly 8 lakhs annually. In the above circumstances, the Davangere City Municipal Council after due consideration of their limited resources and ever-increasing expenditure of obligatory nature, requested our benign State Government to come to our aid by generously sanctioning an outright grant of at least one lakh of rupees to enable the Municipality to take up the most emergent and necessary City Improvement Works during ensuin year 1954-55. The State Government have also found it difficult to spare a good sum on account of multitudinous demands made on them for Government subventions. We therefore beg to approach, the Governmer of India through you for grants out of the funds at the disposal of the Planning Commission:

UNDERGROUND DRAINAGE SCHEME: The City has an area of 7-5 squa. miles of which 2.6 square miles are laid with underground drainage. For the rest a scheme was prepared costing 8.7 lakhs of rupees and our benign State Government was approached for a grant. They have not yet been able to spare any considerable sum this year. We therefore request our benign Central Government to grant this Municipality a sum of 8.7 lakhs of rupees to complete the underground drainage in this important industrial City.

CONSOLIDATION OF ROADS: Davangere City has 65 miles length of roads and hardly 2 miles' length is tarred. Since it is a growing industrial centre bringing huge sums of revenue to the Central Government by way of central excise duty on motor spirit, kerosene, sugar matches, vegetable products, tobacco, taxes on income, posts and telegraphs, railways, mint and currency, death duties, etc., we pray to you Sir very kindly to use your good offices with the Government of India, to obtain for us at least ten lakhs of rupees to cement-concrete at least six miles of the most important thoroughfares of the City and tarring the other roads of importance. This is a most pressing and important necessity and without Government of India gra

grant, it will not be possible either for the State Government of for the City Municipality to finance this most immediate necessity.

SURFACE DRAINAGE: Besides 65 miles of road, the City has innumerable conservancies and the slender resources of Municipality have not rendered it possible to provide all these with proper - drainage scheme. Hence it is programmed to take up in the next three years the providing of box-drains, cement ~~&~~ concrete drains S.P. and V shaped drains in all our conservancies to dispose of the City's sullage. We require for this at least 6 lakhs of rupees and we request you very kindly to move the Government of India to grant us this amount by way of grant.

THE PROVISION OF UNDER BRIDGES AT LEVEL CROSSINGS: Recently we received through our State Government a communication about this matter and we have requested the Central Government through our - Government to obtain for us lakhs of rupees as loan and grant to provide the under bridge at the Eastern portion of the City where traffic is being held up almost always by the crossing of trains, shuntings etc.

Davangere City is greatly in need of a swimming pool since labourers who toil in the mills from morning till evening would like to refresh themselves and keep up their body in health by using the swimming pool. We therefore request you very kindly to move our benign Central Government to provide at least one lakh of rupees so that the moiety of expenditure could be found from Municipal and - State Government Funds.

Dairy Farm is the most immediate necessity since the citizens of this place are finding it extremely difficult to obtain good milk. We want to start a Dairy Farm and it will cost us at least 5 lakhs to start the same on most scientific lines. As the provision of this important food and drink is one of the most pressing welfare activities of the City we request you kindly to place our humble ~~xxx~~ request before Government of India for financing the same.

Labour Colonies are springing up in three blocks with 250

250 houses. It is very necessary to provide them with water supply electricity and sewage disposal to make the life of the labourers living in those places happy. We require huge sums of money to provide these amenities The Municipality has very limited resources. It has not been found possible for the static income of the Municipality to finance all these which have sprung up as a result the new era of progress. Hence we request you to kindly move Government of India to grant us at least 3 lakhs to provide these.

PARKS AND GARDENS: The City is very congested and there are no adequate lung spaces for providing this most important amenity namely parks and gardens. It is proposed to acquire certain slum areas in the midst of the City and convert them into parks and Children's corners and playgrounds for the use of the residents. We require about 20 such lung spaces and for providing children's corners and playgrounds besides forming of parks will cost us at least Rs.1,50,000/-. As this is a most important amenity, the Government of India may very kindly be pleased to give us considerable grant, under the National Extension Service Scheme.

PUBLIC LIBRARY: Chiefly surrounded by labourers and merchants, the City is in need of an up-to-date first class library. The Municipality is running three free reading rooms at a cost of Rs.6,000/- per year. This is a growing industrial centre and books on specialised industrial problems as well as literary, cultural and other social sciences are also necessary. We want to build a first class modern up-to-date library. This will cost us at least one lakh of rupees at the outset. We therefore crave the gracious indulgence of Government of India and request their help in this matter.

SLUM CLEARANCE: Being mostly an industrialcentre, its concomittance of congested slum areas has to be fought against. Labourers have put in unsightly huts and sheds in most congested area. In the first instance we have to form roads, drains, servancies, culverts, causeways and rid the place of congestion and find nearby places for their residence. All this will

cost huge sums of money and the Municipality at its present limited resources is hardly able to finance this. It will be a great boon that could be conferred on the unhappy labour and middle class population if they could finance the Municipality to the extent of five lakhs of rupees as a Government of India grant from the Planning Commission Funds.

We are greatly reluctant to submit to you a long catalogue of our wants Knowing India fully well, we need not harp before you on our poverty. Since Government of India has come forward to relieve the suffering of its inhabitants and increase their welfare and prosperity in all walks of life we are emboldened to approach you both with the above requests and sincerely pray to Government of India through your worthy selves to place our humble requests before them and obtain for us as much money as they can spare by way of grant and loan help us to achieve our goal.

We pray God Almighty to bestow on you both increased happiness and prosperity.

Yours Faithfully,

K.

(K. Veerabhadrappa,)
PRESIDENT,
CITY MUNICIPAL COUNCIL
DAVANGERE.

cpw.c

MEMORANDUM SUBMITTED TO SRIMATHI DURGABAI DESHMUKH BY THE MEMBERS AND PRESIDENT OF THE DAVANGERE-CITY MUNICIPAL COUNCIL ON 2ND AUGUST, 1954 AT DARWAR.

Madam,

We beg to offer our grateful thanks for having so readily consented to receive us in your numerous engagements and spared some time for hearing us. Government of India could not have thought of a nobler daughter of India than yourself in enlisting your sympathy for the cause of the amelioration of the rural folk and women of India. Under your gracious guidance the National - Extension Scheme is yielding unexpected and bounteous results.

Our City of Davangere is rapidly developing as an Industrial Centre. We have imminently facing us immediate problems like slum clearance, provision of parks and gardens, provision of children's corners, creches, ante-natal clinics, milk centres, public library, reading rooms, school etc. The City has a growing population of scheduled castes. Their demands for provision of all kinds of civic amenities are imminent. For all this, we require huge sums of money. Since the Planning Commission of India are bent upon ameliorating the conditions of its inhabitants in numerous ways, we beg to request you very kindly to secure for us maximum amount of grant for providing at least a minimum number of amenities as described above. We want at least ten lakhs of rupees and we pray to you most respectfully to obtain from the Government of India an outright grant of Rs.10 lakhs or as much as you can. The people of Davangere are also eager to contribute their voluntary effort either in cash or kind in conformity with the India Planning Commission Scheme in addition to such grant as could be given by the Municipality out of its limited resources. A large part of this grant will be utilised for the amelioration of the Schedule Classes by providing them with schools, water supply, surface and underground drainage, provision of parks, public baths, opening up of libraries and the like.

We therefore earnestly request you very kindly and graciously to use your good offices with the Government of India and obtain for this Municipality at least ten lakhs of rupees as grant to achieve the objects outlined above.

Yours Faithfully,

(K. Veerabhadrappa,)
PRESIDENT,
CITY MUNICIPAL COUNCIL,

Dear Sir,

I write to bring to your kind notice that I took an opportunity of meeting Sri C D Deshmukh, Minister for Finance, Government of India and Srimathi Durgabai Deshmukh, Member, Planning Commission, Government of India and requested them to use their good offices with the Central Government to grant the City Municipality of Davangere some liberal subsidy to enable this Municipality, whose resources are limited, to take up certain urgent works of Civic Amenities in view of this being a rapidly growing industrial centre with a huge floating population Both of them gave a patient hearing and asked me to approach the State Government in the matter in the first instance Copies of memoranda presented to them are enclosed herewith for your kind perusal

I therefore request you very kindly to place the matter before the Hon'ble the Chief Minister of Mysore to take up the matter suitably with the Government of India and obtain for this Municipality a liberal subsidy from the Central Government

With Kind regards,

Yours Sincerely,

K Veerabhadrappa

9

MEMORANDUM SUBMITTED TO THE HON'BLE SRI C.D. DESHMUKH MINISTER FOR FINANCE, GOVERNMENT OF INDIA, BY THE MEMBERS AND THE PRESIDENT OF DAVANGERE CITY MUNICIPALITY ON 2ND AUGUST 1954 AT DHARWAR.

-:o:-

Sir,

We the President and members of the City Municipal Council of Davangere, beg to express our most grateful thanks to you both for having accordéd us an audience. We have been closely following your activities in the newspapers and we are greatly proud of you both, the worthy children of India, who are ceaselessly striving your best to secure for our Mother Land an all-round development in industrial, economic, agricultural and cultural fields. We have also observed with deep debt of gratitude the ever active interest of Srimathi Durgabai Deshmukh for the amelioration and welfare of our Indian Homes and Rural Areas.

Our City of Davangere has 12,500 houses with a population of over 60,000 persons. It is a growing industrial centre with three big cotton mills and several oil mills. The floating population that visits our City is also considerable. The rapid development in Davangere City for the last decade in industries and trade have devolved very heavy financial burden on the slender shoulders of this Young City Municipality. Consequently Municipal expenditure has increased in conformity with increased consciousness of civic obligations consequent on the rapid growth of population. Huge sums are required every year to provide for surface drainage extensions, repairs and renewals of worn-out pipe lines, formation and consolidation of more and more metal roads, extension of underground drainage, provision of more and more street illumination and public fountains, increasing number of latrines and urinals, in addition to the usual obligatory expenditure for salaries, dearness allowance to the staff, cost of meterial, cynogas, malariol, D.D.T. pheynol, alum, chlorine and increased electric energy for pumping water to meet the needs of

of this rapidly growing industrial City. While the income of the Municipality is limited to nearly six lakhs in any good year, the expenditure including annuity and interest on Government loans and Government contributions amounts to nearly 8 lakhs annually. In the above circumstances, the Davangere City Municipal Council after due consideration of their limited resources and ever-increasing expenditure of obligatory nature, requested our benign State Government to come to our aid by generously sanctioning an outright grant of at least one lakh of rupees to enable the Municipality to take up the most emergent and necessary City Improvement Works during ensuing year 1954-55. The State Government have also found it difficult to spare a good sum on account of multitudinous demands made on them for Government subventions. We therefore beg to approach, the Government of India through you for grants out of the funds at the disposal of the Planning Commission

UNDERGROUND DRAINAGE SCHEME: The City has an area of 7-5 square miles of which 2.6 square miles are laid with underground drainage. For the rest a scheme was prepared costing 8.7 lakhs of rupees and our benign State Government was approached for a grant. They have not yet been able to spare any considerable sum this year. We therefore request our benign Central Government to grant this Municipality a sum of 8.7 lakhs of rupees to complete the underground drainage in this important industrial City.

CONSOLIDATION OF ROADS: Davangere City has 65 miles length of roads and hardly 2 miles' length is tarred. Since it is a growing industrial centre bringing huge sums of revenue to the Central Government by way of central excise duty on motor spirit, kerosene, sugar matches, vegetable products, tobacco, taxes on income, posts and telegraphs, railways, mint and currency, death duties, etc., we pray to you Sir very kindly to use your good offices with the Government of India, to obtain for us at least ten lakhs of rupees to cement-concrete at least six miles of the most important thoroughfares of the City and tarring the other roads of importance. This is a most pressing and important necessity and without Government of India gra

grant, it will not be possible either for the State Government of for the City Municipality to finance this most immediate necessity.

SURFACE DRAINAGE: Besides 65 miles of road, the City has innumerable conservancies and the slender resources of Municipality have not rendered it possible to provide all these with proper - drainage scheme. Hence it is programmed to take up in the next three years the providing of box-drains, cement ~~A~~ concrete drains S.P. and V shaped drains in all our conservancies todispose of the City's sullage. We require for this at least 6 lakhs of rupees and we request you very kindly to move the Government of India to grant us this amount by way of grant.

THE PROVISION OF UNDER BRIDGES AT LEVEL CROSSINGS: Recently we received through our State Government a communication about this matter and we have requested the Central Government through our - Government to obtain for us 2½ lakhs of rupees as loan and grant to provide the under bridge at the Eastern portion of the City where traffic is being held up almost always by the crossing of trains, shuntings etc.

Davangere City is greatly in need of a swimming pool since labourers who toil in the mills from morning till evening would like to refresh themselves and keep up their body in health by using the swimming pool. We therefore request you very kindly to move our benign Central Government to provide at least one lakh of rupees so that the moiety of expenditure could be found from Municipal and - State Government Funds.

Dairy Farm is the most immediate necessity since the citizens of this place are finding it extremely difficult todobtain good milk. We want to start a Dairy Farm and it will cost us at least 5 lakhs to start the same on most scientific lines. As the provision of this important food and drink is one of the most pressing welfare activities of the City we request you kindly to place our humble request before Government of India for financing the same.

Labour colonies are springing up in three blocks with 250

250 houses. It is very necessary to provide them with water supply, electricity and sewage disposal to make the life of the labourers living in those places happy. We require huge sums of money to provide these amenities The Municipality has very limited resources. It has not been found possible for the static income of the Municipality to finance all these which have sprung up as a result of the new era of progress. Hence we request you to kindly move Government of India to grant us at least 3 lakhs to provide these.

PARKS AND GARDENS: The City is very congested and there are no adequate lung spaces for providing this most important amenity, namely parks and gardens. It is proposed to acquire certain slum areas in the midst of the City and convert them into parks and - Children's corners and playgrounds for the use of the residents. We require about 30 such lung spaces and for providing children's corners and playgrounds besides forming of parks will cost us at least Rs.1.50.000/-. As this is a most important amenity, the Government of India may very kindly be pleased to give us considerable grant, under the National Extension Service Scheme.

PUBLIC LIBRARY: Chiefly surrounded by labourers and merchants, the City is in need of an up-to-date first class library. The Municipality is running three free reading rooms at a cost of Rs.5,000/- per year. This is a growing industrial centre and books on specialised industrial problems as well as literary, cultural, and other social sciences are also necessary. We want to build up a first class modenn up-to-date library. This will cost us at least one lakh of rupees at the outset. We therefore crave the gracious indulgence of Government of India and request their help in this - matter.

SLUM CLEARANCES: Being mostly an industrialcentre, its concomittance of congested slum areas has to be fought against. Labourers have put in unsightly huts and sheds in a most congested area. In the first instance we have to form roads, drains, conservancies, culverts, causeways and rid the place of congested sheds and find nearby places for their residence. All this will cost

13

cost huge sums of money and the Municipality at its present limited resources is hardly able to finance this. It will be a great boon that could be conferred on the unhappy labour and middle class population if they could finance the Municipality to the extent of five lakhs of rupees as a Government of India grant from the Planning Commission Funds.

We are greatly reluctant to submit to you a long catalogue of our wants. Knowing India fully well, we need not harp before you on our poverty. Since Government of India has come forward to relieve the suffering of its inhabitants and increase their welfare and prosperity in all walks of life, we are emboldened to approach you both with the above requests and sincerely pray to Government of India through your worthy selves to place our humble requests before them and obtain for us as much money as they can spare by way of grant and loan and help us to achieve our goal.

We pray God Almighty to bestow on you both increased happiness and prosperity.

Yours Faithfully,

(K. Veerabhadrappa,)
PRESIDENT,
CITY MUNICIPAL COUNCIL,
DAVANGERE.

SPM.6.

MEMORANDUM SUBMITTED TO SRIMATHI DURGABAI DESHMUKH BY THE MEMBERS AND PRESIDENT OF THE DAVANGERE-CITY MUNICIPAL COUNCIL ON 2ND AUGUST 1954 AT HARIHAR.

Madam,

We beg to offer our grateful thanks for having so readily consented to receive us in your numerous engagements and spared some time for hearing us. Government of India could not have thought of a nobler daughter of India than yourself in enlisting your sympathy for the cause of the amelioration of the rural folk and women of India. Under your gracious guidance the National - Extension Scheme is yielding unexpected and bounteous results.

Our City of Davangere is rapidly developing as an Industrial Centre. We have imminently facing us immediate problems like slum clearance, provision of parks and gardens, provision of children's corners, creches, ante-natal clinics, milk centres, public library, reading rooms, schools, etc. The City has a growing population of scheduled castes. Their demands for provision of all kinds of civic amenities are imminent. For all this, we require huge sums of money. Since the Planning Commission of India are bent upon ameliorating the conditions of its inhabitants in numerous ways, we beg to request you very kindly to secure for us maximum amount of grant for providing at least a minimum number of amenities as described above. We want at least ten lakhs of rupees and we pray to you most respectfully to obtain from the Government of India an outright grant of Rs.10 lakhs or as much as you can. The people of Davangere are also eager to contribute their voluntary effort either in cash or kind in conformity with the India Planning Commission Scheme in addition to such grant as could be given by the Municipality out of its limited resources. A large part of this grant will be utilised for the amelioration of the Schedule Classes by providing them with schools, water supply, surface and underground drainage, provision of parks, public baths, opening up of libraries and the like.

15

We therefore earnestly request you very kindly and graciously to use your good offices with the Government of India and obtain for this Municipality at least ten lakhs of rupees as grant to achieve the objects outlined above.

Yours Faithfully,

DAVANGERE CITY

Date 18th January 1955

D.O.No.H.C.85/54-55.

Dear Sir,

I write to invite kind reference to my D.O.letter No. H C.85/54-55 dated 4-8-1954 and to state that when I was at Delhi recently I enquired in the Ministry for Irrigation, - Power and Planning regarding the representation of the Municipal Council, Davangere made for liberal subsidy from - Central Government for welfare works in Davangere City. At that time I was told that the records will be traced and the matter will be considered. But the Private Secretary to the Minister for Irrigation, Power and Planning has intimated me in his D.O.letter No.2938, dated 31-12-1954 that on checking from all sections of the Planning Commission he has found - that the Planning Commission has not received any request - from Mysore Government on behalf of this Municipality.

I therefore request you to kindly recommend to Government of India and obtain liberal subsidy for improvement and welfare works in Davangere as enumerated in the Memorandum submitted to Hon'ble Sri C D. Deshamukh and Srimathi Deshamukh on 2-8-1954.

In this connection I also request you to kindly obtain a grant of Rs.2.36 lakhs as requested in this Office letter - No.H.C.141/54-55 dated 23rd November 1954.

I request the favour of a line in reply.

Yours Sincerely,

K Veerabhadrappa

Subject - Comprehensive schemes to be taken up in City Municipalities with the aid of Central Government

---

With reference to your letter No L 8997 dated 23rd October 1954 on the above subject, I write to state as follows -

105 estimates in respect of several improvements to be taken up in all the 29 Divisions in the City have been got prepared by the Municipal Engineer The total estimated cost of all these 105 estimates comes up to Rs 4,72,711/-

The several catagories of works of improvement proposed to be undertaken in the City, the amount of estimated cost, contribution by the Municipality and the amount of grant required from Central Government are detailed below -

Sl No	Nature of work	Total estimated cost	Contribution by the Municipality	Grant required by Central Government
1	Slum clearance, ~~Boxxdrainsxxand~~	52,365	26,182	26,183
2	Box drains and Surface drainage	1,38,601	69,300	69,301
3	Construction of culverts and Bridges	45,435	22,717	22,718
4	Formation of roads(Improvements)	32,610	16,305	16,305
5	Water Supply	11,700	5,850	5,850
6	Tarring of roads	1,92,000	96,000	96,000
	Total	4,72,711	2,36,354	2,36,357

P T O

SPH.3.

The Municipal Council at their meeting held on 23-11-1954 have approved the above proposals and have resolved to request the State Government to kindly recommend to the Central Government ~~xxxxxxxxxxxxxxxxxxxxxxxxx~~ for graciously sanctioning an outright grant of Rs 2,36, lakhs for taking up the several improvement works in the City They have further resolved to meet half the estimated cost of these 105 works i e , Rs 2.36 lakhs out of Municipal Funds and Subvention from the State Govt

In this connection I write to state that, though the above 105 improvements works are of urgent nature in the interest of health and sanitation of the City and of providing better amenities to the Citizens of Davangere, the Municipality with its limited financial resources is not in a position to undertake these works entirely out of its own funds I therefore request that suitable recommendation may kindly be made to the Government of India for generously sanctioning a grant of Rs 2 36 lakhs, for undertaking these works

A statement showing the list of the 105 improvement works proposed to be taken up in the City, detailed estimates in respect of all these works and a copy of the resolution of the Municipal Council referred to above are enclosed herewith for your kind information

MUNICIPAL COMMISSIONER'S NOTE

Subject No 1 of the Agenda for the Meeting of the Municipal Council held on 22-11-1954.

The Assistant Secretary to Government, Local Self Government and Planning Departments has in his letter No.L.8097, dated 23rd October 1954 has called for comprehensive schemes to be taken up in this City - with the aid of Central Government.

105 estimates have been put up by the Municipal Engineer in respect of improvement works to be taken up in all the 29 divisions in the City. The total estimated cost of all these 105 estimates comes to 4,72,711/-.

The several categories of works of improvement to be undertaken in all the 29 Divisions in the City, the amount of estimated cost, contribution by the Municipality and the amount of grant required from Central Government are detailed below:-

Sl. No.	Nature of work.	Total estimated cost.	Contribution by the Municipality.	Grant required from Planning Commission
		Rs.	Rs.	Rs.
1.	Slum clearance	~~1,39,645~~ 52,365	~~69,822~~ 26,182	~~69,823~~ 26,183
2.	Surface drainage	~~51,321~~ 1,38,601	~~25,660~~ 69,350	~~25,661~~ 69,351
3.	Construction of culverts and bridges.	45,435	22,717	22,718
4.	Formation of roads (Improvements)	32,610	16,305	16,30
5.	Water Supply	11,700	5,850	5,8
6	Tarring of roads	1,92,000	96,000	96,0
	Total..	4,72,711	2,36,354	2,36,3

The above proposals may be approved and sent to Government a request to kindly make a recommendation to the Central Governme sanction a grant of Rs.2,36,357/- to this Municipality for underta the improvement works.

Sir,

Subject Comprehensive schemes to be taken up in the City Municipalities with the aid of Central Governments

Ref Your letter No L 13377 dated 9-2-1955

On your letter No L 4631 dated 23-7-1954, certain proposals were being considered by the Managing Committee and at their meeting held on 5-1-1955, they had resolved that proposals for slum clearance behind Devaraj Market might be brought up

As in the meanwhile subsidy is now proposed to be recommended, as per your letter No I 8996-9/CM 100-54-1 dated 23-10-1954, the following works may be recommended

Slum clearance behind Devaraj Market	Rs 5,00,000/-
Slum clearance in K G Koppal	Rs 29,000/-
Slum Clearance in Block Nos 80,82, and 83, K R Mohalla	Rs 31,000/-
Slum clearance and improvement in Lashkar Mohalla	Rs 8,500/-
Slum Clearance and improvement in Mandi Mohalla	Rs 15,000/-
Lumpsum provision for rehabilitating displaced persons to avoid further slums coming up	Rs 3,60,000/-
Total	Rs 10,00,000/-

Abstract estimates in respect of the above are enclosed

13

I request that orders of Government may kindly be ~~sanction~~ obtained sanctioning a liberal subsidy for the above works amounting at least to half the estimated cost and the other half as a loan

Yours faithfully,

(N Lakshman Rau)
